

# Australian Dental Foundation partner clinics

## Dental services for young people leaving care

Young people who are leaving care, or who have left care, may be eligible for free or discounted dental services up to the age of 25 years through a partnership between the Department for Child Protection and the Australian Dental Foundation. To access these services, care leavers will need to be:

- in receipt of an eligible Centrelink income support payment
- currently, or previously, in care (e.g. a guardianship or custody order), and
- aged between 17 and 25.

Find your nearest participating clinic below, or alternatively, speak to your DCP caseworker or call the Australian Dental Foundation on (08) 7226 1709.
